Dear Sir:

In response to the Notice of Allowance and Fee(s) Due dated March 23, 2009,
please consider the following remarks:

The Notice of Allowability interprets "variance" in accordance with a broad,
general definition of "discrepancy" while the Application refers to the narrower
interpretation of variance as defined according to the field of probability theory. Thus,
the Notice of Allowability is not accurate with respect to the narrower definition of
"variance".

Respectfully submitted,
